# SPCA CINCINNATI RESCUES 120 ANIMALS FROM LOUISIANA

"You can do something big, or you can do something small. Because whatever you do, it is better than nothing at all."

On Monday October 11th, we received **120 animals** at Lunken Airport from Louisiana.

Although we received 130 animals in September, the shelters down south continue to experience space shortages as a direct result of Hurricane Ida. Without our help, many of these animals would have face uncertain futures and may have even be euthanized.

The 80 cats, and 40 dogs, that have since been transported to our shelter, will be available after they receive medical clearance from our veterinary team.

Rescue missions like these, are not possible, without each and every one of **you**. To every employee, volunteer, board member, sponsors, and news partners- **THANK YOU!** We could not do this work without your help.

Please advise that the availability of each animal will be **contingent** on medical clearance.

Once cleared, we will post them on our website for the public. If you know of a friend, family or acquaintance who is looking to adopt, send them our way!

# DAISY AWARD WINNER!

## **What brought you to the SPCA?**

I was looking at job postings one day and came across one for the SPCA. I love animals and enjoy working in finance, so it has been a great combination. I've been at SPCA for almost 6 years!

## **If you could travel to any place, where to and why?**

I would travel to Europe. There is so much history, so many sites to visit and culture to learn about.

## **If you were granted one wish that could positively change the world, what would it be?**

A remedy to end animal cruelty.

*Congratulations!*

This edition's recipient is the amazing Ben Coffey!

## **Favorite animal and why?**

I've always been partial to dogs. I don't dislike any animal, but there is just something about the bond one can have with their dog.

## **What inspires/motivates you the most?**

Seeing the compassionate work done daily by our caring staff.

## **Best advice?**

Always strive to learn something new and be willing to listen to different perspectives.

# IN THE KNOW: RECENT EVENTS, CELEBRATIONS AND FUN TIMES!

Pups and Pints with our friends at Braxton Brewing was a huge success! We had a great time meeting all the dogs and their humans who came out to enjoy the day! And, the Bengals beat the Steelers!

On October 1st, Total Quality Logistics (TQL) raised their paws. They showed up and showed out! All 14 of our animals were adopted at the event and 4 puppies found foster homes. We cannot thank TQL enough for their endless support. We are eternally grateful!!!

We had the honor of serving the Veterans of our community through our Chow Now Pantry. On September 28th, we arrived early and left late handing out dog and cat food at the Cincinnati VA Medical Center. We distributed over 1,500 pounds of food!!! We are not stopping there, we will be back next month. We talked and learned many stories from our local Veterans. Thank you Cincinnati VA Medical Center for working as a partner to make this happen.

# HAPPY TAILS!

---

Coco spent over 60 days with us before being adopted into the perfect family. It has been five weeks since she walked out of the SPCA Cincinnati doors. This sweet senior is now thriving in her forever home. Just look at that smile... she is clearly living her best life!

Special thanks to Benjamin Poole for giving Coco a new life. It takes a special individual to welcome a senior pup into their family!
